

## CUT TO SIZE AND SHEET SALES

Northern Plastics offer a same-day cut to size and full sheet sales service.

We stock the largest range of sheet plastic materials north of Brisbane, with materials regularly shipped to Cairns, Innisfail, Atherton Tablelands, Mount Isa, Townsville and Mackay.

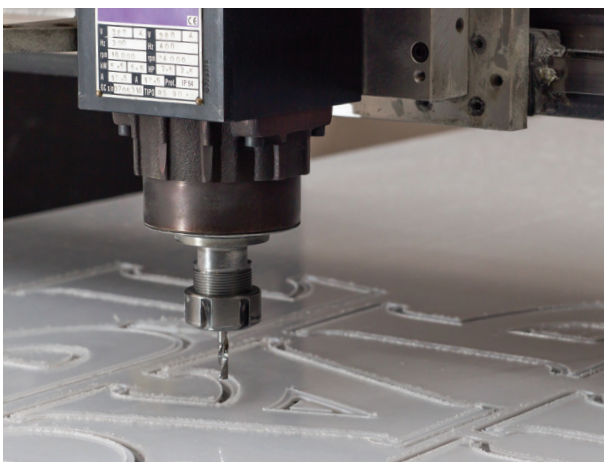

## CNC ROUTING, LASER CUTTING AND SHEET WELDING

We are equipped with state-of-the-art CNC routing, laser cutting and sheet welding machinery. We have the capability to produce precision cut components for a wide range of industries.

Substrates we can cut and engrave include:

- » Acrylic
- » Polycarbonate
- » Aluminium Composite
- » Aluminium
- » Timber and Wood Composites
- » HDPE, UHMWPE, PP and Nylons
- » PVC

For a competitive quotation, please send your design in a DXF or EPS file, accompanied by a PDF. Alternatively, we can design and draw for you, using our in-house CAD drawing facilities.

**NORTH QUEENSLAND OWNED AND OPERATED  
PLASTIC SHEET SALES AND FABRICATION COMPANY  
SPECIALISING IN CUSTOM-BUILT PRODUCTS  
TO THE MINING, INDUSTRIAL, AGRICULTURAL AND  
CONSTRUCTION INDUSTRIES AND THE PUBLIC**

## ACRYLIC FABRICATION

Acrylic is a strong, light-weight and hygienic product, ideal for use in the Hospitality Industry. We can supply pubs, clubs, bars, restaurants, cafes, retail outlets, museums, galleries and cultural outlets with custom fabricated and creatively designed products.

- » Display Cases/Stands (Acrylic)
- » Cabinets (Acrylic)
- » Trophies and Plaques (Acrylic)
- » Dispensers (Acrylic or Polycarbonate)
- » Art Displays (Acrylic)
- » Electrical Component/Equipment Covers (Acrylic, Polycarbonate or PVC)
- » Signage (2 and 3 Dimensional Lettering)
- » Illuminated Light Boxes (Opal/Clear Acrylic)

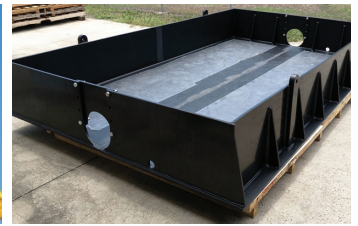

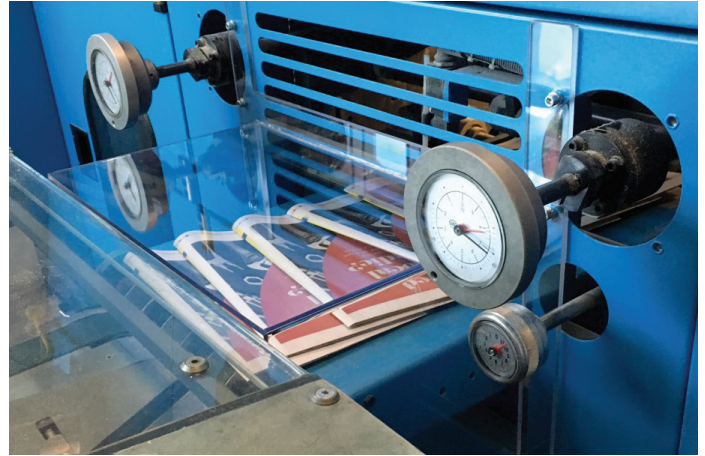

## MINING AND INDUSTRIAL

We supply a wide range of materials and custom-built products:

- » Polycarbonate safety guards and screens
- » Earth moving equipment and machinery windows
- » Custom plastic and aluminium parts for fabrication and processing
- » Containment bunting and spill trays
- » Inspection doors and windows
- » Custom storage cabinets and boxes
- » Wear plates
- » Components for engineering and construction applications

## AGRICULTURAL

We manufacture for the Agricultural Industry, fabricating customised options to suit individual client needs, including:

- » Hoppers
- » Molasses storage
- » Water storage
- » Acrylic and Polycarbonate machinery windows
- » Nylon wear plates and rods
- » Weaner plates and more

## MARINE

Northern Plastics specialise in custom design and fabrication of plastic components for the Boating Industry, including:

- » Replacement of old, crazed, plastic centre consoles, windows and hatches with clear or tinted UV-resistant Acrylic or Polycarbonate
- » Custom-built shrouds for navigational equipment, offering protection against saltwater and glare
- » Tanks and storage boxes fabricated from marine-grade Polyethylene
- » Bait/filleting boards using both HDPE and Aluminium
- » Transom boards and spacers for engine and control mounting
- » Low-friction wear strips for boat trailers

## BOAT WINDSCREENS

Allow us to replace your old, crazed, plastic boat windscreen with a new windscreen manufactured from clear or tinted UV-resistant Acrylic or Polycarbonate.

## SNEEZE GUARDS

Clear protective Acrylic screens designed to provide protection to staff working behind counters where distancing is difficult to maintain.

Ideal for doctors surgeries, pharmacies and all businesses with a reception area who wish to maintain an effective barrier between staff and customers without any interruption to service.

Most guards are custom-made to suit the counter/desktop. Just email or phone us with the dimensions of your space and we will quickly come back to you with a quote.

## CUSTOM-MADE WATER TANKERS

Ask us about a custom-made water tanker, manufactured on-site by our highly qualified tradespeople.

### FEATURES

- » Custom designed
- » Manufactured with grey or black HDPE; no painting
- » Food-grade Polyethylene
- » Poly tank can absorb torsion and vibration
- » No contamination and no rust
- » High quality finish
- » Low weight
- » Fully baffled

Speak to our knowledgeable staff about our large range of options available to customise your water tanker. We're here to assist you.

### OPTIONS

- » Aluminium legs and aluminium sub-frame at rear
- » Fill ports and funnels
- » 3" and 4" suction manifolds
- » Self-priming and external pressure manifolds
- » Hydrant fill manifold
- » Water cannon
- » Poly hose reel
- » 3" top and bottom sprays
- » Sight tube
- » Oil cooler
- » Galvanised tie down lugs
- » Stainless steel tie down straps
- » Fully light set up
- » Suction hose storage pipe
- » Remote control unit

# PLASTIC FABRICATION AND WELDING

At Northern Plastics, we have a highly skilled team who can design and manufacture products to suit your needs and we can also repair your old products. No job is too large or too small to consider.

- » On-site repairs
- » Plastic welding and fabrication
- » Prototypes

## WANTING A CUSTOMISED PLASTIC PRODUCT?

- 1 Email us your design sketch and specifications.
- 2 We prepare a quote based on your drawing.
- 3 We create your customised product.
